

## TECHNICAL DATA SHEET

**PRODUCT** Shielded Sheaths  
**CODE** 23.00039-00  
**P/N** GS.290.1.SCSW  
**DESCRIPTION** EMI shielding jacket for cable  
 Max diameter: 29mm.  
 Supply method: rolls 25m long.

## MATERIAL SPECIFICATIONS

Material code: 23.00039-A0 - GS.290.1.SCSW

DATA	VALUE
<b>CHARACTERISTICS</b>	The product has shielding property, its side is open self-closing structure. It is easy to be installed and maintain. It is joined by sewing.
<b>APPLICATION</b>	It is widely used for electromagnetic shielding protection for railway wire harnesses.
<b>MATERIAL</b>	Tinned copper, copper foil, PPS, Nomex
<b>COLOR</b>	Silver
<b>TEMPERATURE RANGE (°C)</b>	-40 / +150
<b>FLAMMABILITY RATING</b>	EN45545-2 (R22/R23 grade HL3)
<b>OTHER PROPERTY</b>	Immersion rating EN 6059-309
<b>SHIELDING EFFECTIVENESS</b>	

These values are measured under laboratory conditions. Results may vary in other situations; please read our Guarantee.
